

Minnesota Health Care Directive

Description

For those who wish to create a comprehensive Minnesota Health Care Directive stating their medical/health care wishes and authorizing a named Representative to carry out all those wishes on their behalf - in the event they are unable to make those decisions themselves.

IMPORTANT DISTINCTION:

- 1) A '**Living Will**' ONLY covers "end-of-life" decisions (e.g. DNR, use of life-support measures, etc.), it NOT authorize any other medical or long-term health care decision-making.
- 2) A '**Medical Power of Attorney**' provides for authorization for general medical care – but not always for "end-of-life" decision-making.
- 3) HOWEVER, a '**Minnesota Health Care Directive**' combines a Living Will and Medical Power of Attorney into **one** document - ensuring the Representative has *full* authorization to make *all* medical decisions in your best interest – in accordance with your wishes.
